

CENTRAL PA REHAB SERVICES, INC
IS HONORED TO PRESENT A LECTURE SERIES ON:

**“RETURNING TO THE CLASSROOM: POST- CONCUSSION
MANAGEMENT OF STUDENT ATHLETES”**

SPEAKERS: MATT SILVIS, MD & HARRY BRAMLEY, DO

CPRS Physical Therapy is offering a valuable seminar focused on concussion management. This seminar will focus on a team approach towards the proper management of the concussed athlete utilizing the guidance counselors, the school nurse and the athletic trainer. The presentations will focus on the best management of concussions as well the roles of the school personnel in the best management of concussed athletes including return to classroom protocols, academic accommodations and appropriate length of time for accommodations. This seminar will equip the attendants with the framework to build a sound team approach to proper management of concussed athletes ensuring better recovery time and hopefully an improved academic experience. Presenters Dr. Harry Bramley and Dr. Matt Silvis are the Physicians for the Penn State Hershey Concussion Program. Both have extensive education and experience with concussion management.
