

COMMITTEE SPOTLIGHT

CONTINUING EDUCATION

Becky began to volunteer for PATS in 2007 as chair of the PATS Newsletter Committee. She served as chair until she became the Northwest Regional Representative in 2013 and finished her second term in 2019. After her term was over, she was asked to become the chair of the Continuing Education Committee where she currently serves. What she has enjoyed the most about being involved in PATS is meeting so many different people and working with so many dedicated professionals that want to advance the athletic training profession.
